

# Modern Slavery Policy

We are outside of the formal requirements to publish an annual statement (as our turnover is below the threshold set by Government), but we are nonetheless committed to eliminating modern slavery and seek to ensure we do not contribute to Modern Slavery in any form through our supply chains. We seek to ensure we:

- act transparently and disclose any information about any suspicions of modern slavery we identified to appropriate bodies.
- highlight risks and take appropriate steps to ensure we improve outcomes for workers in your business and supply chains
